

GLOBE TURNOUT GEAR

REACTION[®]

GLOBE. ATHLETIC GEAR FOR FIREFIGHTERS.™

MSA
The Safety Company

GLOBE[®]

WHEN CALLED INTO ACTION, YOU NEED TO FIGHT THE FIRE – NOT YOUR GEAR.

REACTION® features the most comfortable collar on the market, COLLARBREAK™. The collar is sewn to the inner liner and then attached to the outer shell on the outside for a completely smooth fit across the neck. The added length in the AXTION® Sleeve allows you to move freely.

JACKET FEATURES

- **COLLBREAK™ ATTACHMENT SYSTEM** with the collar sewn to the liner instead of the outer shell for a completely smooth fit across the neck.
- **FREE-HANGING THROAT TAB** stays out of your way when not deployed.
- **AXTION® SLEEVE** provides extra length when you reach.
- **TELESCOPING SLEEVE WELLS** keep water out and add thermal protection.
- **YOCCO™ DRAG RESCUE DEVICE** is easy to deploy when you need it, out of the way when you don't.
- **THERMALLY ENHANCED UPPER BODY** is oversized for more coverage.
- **EXTENDED BACK** option allows you to choose to extend the back by 3" or 6" for additional overlap and lettering below the SCBA.
- Semi-bellows **CARGO/HANDWARMER POCKETS** lined with KEVLAR® fabric inside and NOMEX® fleece behind hold a lot but don't bulge out in the front.
- **CONTOURED SLEEVES** are ergonomically curved to work with you — not against you.
- **AXTION® LINER** allows unrestricted movement and easy access between the layers.
- **GENEROUS LINER POCKET** is lined with moisture barrier.

GLOBE PANT SYSTEM FEATURES

- Your choice of **FITS** make these pants fit like a pair of jeans: Slim, Regular, Relaxed, and Women's.
- **VERTICAL FLY CLOSURE** with hook and loop makes for fast and secure donning.
- Your choice of **CLOSURES** include tunnel with half-belt, full belt with wide belt loops, escape belt with wide belt loops, or hook and dee with take-up straps and wide belt loops.

Certified to NFPA 1971 (Structural Fire Fighting)

MADE IN THE USA

- **INDEPENDENT STRETCH WAISTBAND** provides unrestricted fit and no-gap protection with liner.
- **ELASTICIZED SIDES** provide flexible, more athletic fit at the waist.
- **ARTICULATED KNEES** with **CATHEDRAL KNEE** reinforcements are built for unrestricted crawling.
- **THERMALLY ENHANCED KNEES** add a layer of thermal and moisture barrier to protect this high-compression area.
- **PADDED H-BACK RIPCORD SUSPENDERS** attach to horizontal loops so there is no metal hardware to dig in or pull out.
- **EXPANSION CARGO POCKETS** are reinforced with KEVLAR® fabric inside.
- **ONE-PIECE CROTCH GUSSET** reduces binding in the crotch.
- **REVERSE BOOT CUT** is shorter in the back to avoid premature cuff wear.
- Your choice of **REINFORCEMENTS** on knees and cuffs include DRAGONHIDE®, Ara-Shield®, or suede.
- **SILIZONE® KNEE PADDING** recommended on liner.

OTHER JACKET AND PANTS FEATURES

- **TRIMTRAX® THREAD PROTECTION** cording lasts far longer on sewn on trim than conventional stitching.
- **DOUBLE-STITCHED SEAMS** with 8–10 stitches per inch for longer service life.
- Your choice of **MATERIALS**: Outer Shells, Moisture Barriers, Thermal Liners, Reinforcements, Reflective Trim, and Lettering.
- Your choice of **OPTIONS**: Closures, Pockets, Holders/Clips/Straps, Patches, Sleeve Wells/Wristers, Suspenders, and Harnesses/Loops/Pockets.
- **MEN'S & WOMEN'S SIZES**: Chest, Length, Sleeve, Waist, Inseam, and Pant Fit (Slim, Regular, Relaxed).
