GLOBE[®]

ONYX® 13" PULL-ON BOOT

Now you can enjoy the benefits of Globe boots at a value price. ONYX® boots share the same cushioned and contoured outsole and athletic footwear construction as our SHADOW™ boot, so they are remarkably flexible, grip like crazy, and fit like no other.

FEATURES

- **FLAME-RESISTANT, WATER-RESISTANT LEATHER.** Specially softened, tumbled leather in high flex areas to move with you.
- **GORE® CROSSTECH® FOOTWEAR FABRIC.** A full-height bootie liner made from a package of Omaha lining fabric, 300g insulation, and GORE® CROSSTECH® moisture barrier provides protection unmatched by any other waterproof, breathable barrier.
- **HEELPORT™ INTERNAL FIT SYSTEM.** Holds your heel securely so it won't slip while cushioning your ankle.
- **MOLDED HEEL COUNTER.** Individually molded to fit each size perfectly.
- **COMPOSITE SHANK.** Lighter than steel, doesn't transmit heat or cold, springs back to shape better.
- **COMPOSITE PUNCTURE PROTECTION.** Far more flexible than a steel plate and doesn't transmit heat or cold. Exceeds NFPA standards.
- **VIBRAM® CONTOURED CUP OUTSOLE.** Molded outsole wraps onto the leather upper for athletic shoe performance. Flame, abrasion, oil, acid, and slip-resistant compound engineered for high traction and durability, even during prolonged exposure to extremes of heat and cold.
- **SLIP-RESISTANT TREAD.** Siping — thin slits cut into flat areas across the sole — opens up when flexed to provide additional traction on water and ice. Self-cleaning lugs and omnidirectional tread pattern designed for superior performance in all terrains and when working on ladders.
- **FLEXIBLE NOMEX® WEBBING PULL STRAPS.** Slide easily under turnout pants and are kind to your legs.
- **PADDED COMPOSITE SHIN GUARD.** Provides extra protection when you are working on a ladder.
- **COMPOSITE SAFETY TOE CAP.** Lighter than steel, doesn't transmit heat or cold, and exceeds NFPA standards for safety.
- **VIBRAM® TOE BUMPER.** For abrasion resistance when crawling. Cemented and 2-needle stitched to the vamp.
- **ENHANCED 3D MOLDED FOOTBED SYSTEM.** Removable footbeds are contoured to cradle and cushion the bottom of your feet and to provide arch support. Urethane foam bottom layer provides durable cushioning while a micro-cellular open-cell foam top layer delivers cool, all-day comfort. Moisture-wicking and anti-microbial fabric top pulls moisture away from your feet. An additional set of polymer inserts are provided to install under the footbeds when a snugger fit is desired.
- **3D COMPOSITE LASTING BOARD.** Lasted to boot uppers with a built-in flex zone in the forefoot and a torsionally stable heel. Works together with the footbed to conform to the shape of your foot.
- **ATHLETIC FOOTWEAR CONSTRUCTION.** Two-part cross-linking adhesive bonds outsoles to the upper. Without stiff welts and ribbed mid-soles, this attachment process is far more flexible.

EXTENDED SIZE RANGE

- **MEN'S:** 5-16 (full and half sizes), 17-18 (full sizes only) in Narrow, Medium, Wide, and X-Wide widths. Wide calf model available in all sizes.
- **WOMEN'S:** 5-12 (full and half sizes) in Narrow, Medium, Wide, and X-Wide widths. Wide calf model available in all sizes.

Certified to NFPA 1971 (Structural Fire Fighting) and NFPA 1992 (Liquid Splash)
