PROXIMITY 14" PULL-ON BOOT

Say goodbye to heavy, stiff, rubber boots forever. Globe PROXIMITY (patented) is the world's first leather Proximity boot. It's remarkably flexible, with a cushioned and contoured sole, athletic footwear construction, and internal fit system. Meeting the radiant heat requirements of Proximity as well as the Structural requirements of NFPA 1971, PROXIMITY can be the one boot you wear for all your calls.

FEATURES

- **FLAME-RESISTANT, WATER-RESISTANT HEAVY-DUTY LEATHER.** Specially softened tumbled leather in high-flex areas to move with you.
- **GORE® CROSSTECH® FOOTWEAR FABRIC.** A full-height bootie liner made from a package of Omaha lining fabric, 300g insulation, and GORE® CROSSTECH® moisture barrier provides protection unmatched by any other waterproof, breathable barrier.
- **3M™ SCOTCHLITE™ REFLECTIVE MATERIAL.** For added visibility.
- **HEELPORT™ INTERNAL FIT SYSTEM.** Holds your heel securely so it won't slip while cushioning your ankle.
- **COMPOSITE HEEL COUNTER.** Individually molded to fit each size perfectly.
- **COMPOSITE SHANK.** Lighter than steel, doesn't transmit heat or cold, springs back to shape better.
- **COMPOSITE PUNCTURE PROTECTION.** Far more flexible than a steel plate and doesn't transmit heat or cold. Exceeds NFPA standards.
- **VIBRAM® CONTOURED CUP OUTSOLE.** Molded outsole wraps onto the leather upper for athletic shoe performance. Flame-, abrasion-, oil-, acid-, and slip-resistant compound engineered for high traction and durability even during prolonged exposure to extremes of heat and cold.
- **SLIP-RESISTANT TREAD.** Siping – thin slits cut into flat areas across the sole – opens up when flexed to provide additional traction on water and ice. Self-cleaning lugs and omnidirectional tread pattern designed for superior performance in all terrains and when working on ladders.
- **PULL STRAPS.** Flexible NOMEX® webbing pull straps reinforced with leather slide easily under turnout pants and are kind to your legs.
- **KEVLAR® BLEND PROTECTIVE SHIELD.** Two layers of KEVLAR® blend batting separated by spacer fabric protect the GORE® CROSSTECH® moisture barrier, provides cut resistance, and adds thermal protection.
- **ALUMINIZED PBI FABRIC®.** An added layer between the leather shell and the KEVLAR® blend fiber batting provides additional radiant and conductive heat protection to meet the higher thermal requirements for proximity firefighting.
- **PADDED COMPOSITE SHIN GUARD.** Provides extra cushioning when you are working on a ladder.
- **COMPOSITE SAFETY TOE CAP.** Lighter than steel, doesn't transmit heat or cold, and exceeds NFPA standards for safety.
- **VIBRAM® TOE BUMPER.** For abrasion resistance when crawling. Cemented and two-needle stitched to the vamp.
- **3D MOLDED FOOTBED SYSTEM.** Removable footbeds are contoured to cradle and cushion the bottom of your feet and to provide arch support. Urethane foam bottom layer provides durable cushioning while a micro-cellular open-cell foam top layer delivers cool, all-day comfort. Moisture-wicking and anti-microbial fabric top pulls moisture away from your feet. A second, thicker removable footbed is provided for a snugger fit or when wearing lighter socks.
- **3D COMPOSITE LASTING BOARD.** Lasted to boot uppers with a built-in flex zone in the forefoot and a torsionally stable heel. Works together with the 3D molded footbed to conform to your foot's shape.
- **ATHLETIC FOOTWEAR CONSTRUCTION.** Two-part cross-linking adhesive bonds outsoles to the upper. Without stiff welts and ribbed mid-soles, this attachment process is far more flexible.

EXTENDED SIZE RANGE

- **MEN'S:** Full Sizes 5-15 and Half Sizes 5½-15½ in Narrow, Medium, Wide, and X-Wide widths. Wide calf model available in all sizes.
- **WOMEN'S:** Full Sizes 5-12 and Half Sizes 5½-11½ in Narrow, Medium, Wide, and X-Wide widths. Wide calf model available in all sizes.

Certified to NFPA 1971 (Proximity Fire Fighting and Structural Fire Fighting) and NFPA 1992 (Liquid Splash).

Berry compliant.
