COMMERCIAL PUMPER

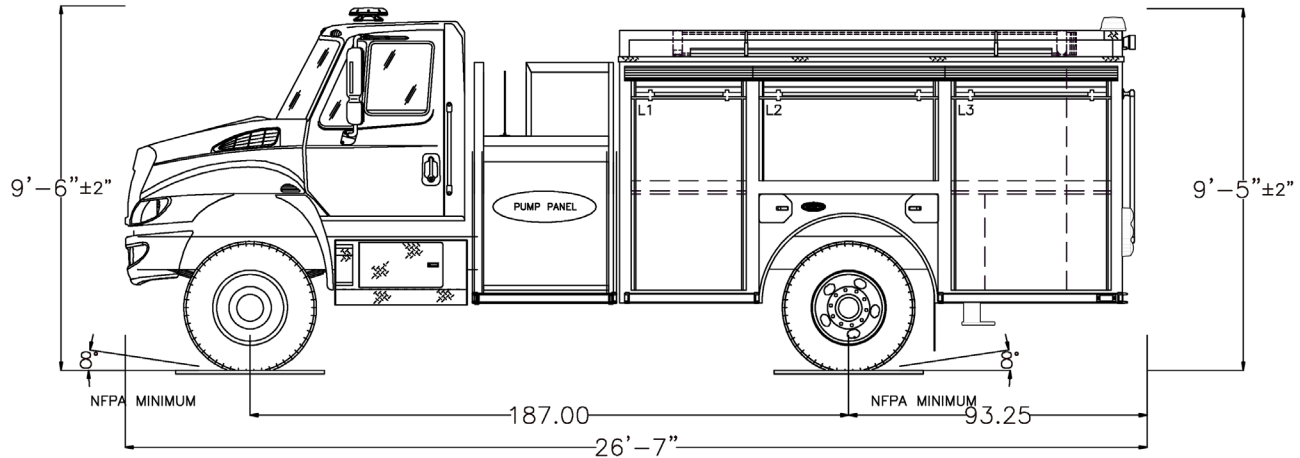

SPECIFICATIONS

QUALITY. PERFORMANCE. FLEXIBILITY.

Manufactured by the same skilled technicians and engineers who design E-ONE custom products, E-ONE commercial pumpers offer the perfect combination of Quality, Performance and Flexibility to meet your department's operational and budgetary needs. Quality - commercial pumpers are fully engineered for prompt delivery, easy service and reduced cost over the life of your department's apparatus. Performance - E-ONE partners with the most reliable commercial chassis manufacturers in the industry to pair with our proven extruded aluminum body design. Flexibility - commercial pumpers offer a variety of storage options, compartment configurations, uniquely designed shelves, trays and pull-out boards to keep your ladders and equipment clean and protected from the elements as well as easy to access. E-ONE commercial pumpers -the Quality, Performance and Flexibility you expect from every member of your team.

OUR VEHICLES CONNECT AND PROTECT
