

Light Rescue Vehicles

When the situation calls for all the features and reliability of a large apparatus, but in a compact and durable package, Sunbelt Fire's Light Rescue Vehicles are always up to the challenge. We can design your Light Rescue with the critical options you need, and a surprising amount of versatile storage space, ensuring your crew will always have the tools they need at their disposal to protect and save lives.

- Extruded aluminum bodies, available in 10 ft. and 12 ft. lengths, with 64" or 76" high storage compartments (60" or 84" CA)
- Choice of hinged, roll-up or swing-out compartment doors
- Shelving, slide trays and custom equipment mounting systems
- Diesel, gas, PTO or hydraulic generators
- Floodlight towers and telescopic scene lighting
- Winches, receivers and extended front bumpers
- RAM or Ford chassis, available in 2WD or 4WD
