FLEXIBILITY

HAS NEVER MATTERED MORE.

GLOBE. ATHLETIC GEAR FOR FIREFIGHTERS.™

MSA
The Safety Company

GLOBE®

SUPRAFLEX™ PERFORMS LIKE A BOOT. FEELS LIKE A SNEAKER.

Our *state-of-the-science* boots with continuous segmented flex panels make these boots feel like your favorite pair of athletic shoes. Scientific studies have proven that lighter weight and more flexible footwear isn't just about comfort – it's about safety. Designed to meet the new challenges you face every day to help keep you safe and healthy throughout your career and beyond.

FEATURES

- **CONTINUOUS SEGMENTED FLEX PANELS.** Throughout the front of the shaft and top of the foot to provide unprecedented flexibility to make these boots feel like your favorite pair of athletic shoes.
- **RECESSED SIDE PULL-ON HANDLES.** Integral pull-on handles are inset on the sides and hidden when not needed.
- **REAR CARRY LOOPS.** Flexible NOMEX® webbing loops allow easy carrying when installed in turnout pants.
- **DRAGONHIDE® FABRIC.** Fabric panels are made from DRAGONHIDE® – a highly abrasion, flame, and water-resistant fabric so tough that it is used to reinforce turnout gear.
- **FLAME-RESISTANT, WATER-RESISTANT LEATHER.** Pebble grain leather with tumbled leather collar and vamp.
- **GORE® CROSSTECH® FOOTWEAR FABRIC.** A full-height bootie liner made from a package of Omaha lining fabric, 300g insulation, and GORE® CROSSTECH® moisture barrier provides protection unmatched by any other waterproof, breathable barrier.
- **KEVLAR® BLEND PROTECTIVE SHIELD.** Protects the GORE® CROSSTECH® moisture barrier, provides cut resistance, and adds thermal protection.
- **COMPOSITE SAFETY TOE CAP.** Lighter than steel, doesn't transmit heat or cold, and exceeds NFPA standards for safety.
- **COMPOSITE PUNCTURE PROTECTION.** Far more flexible than a steel plate and doesn't transmit heat or cold. Exceeds NFPA standards.
- **COMPOSITE SHANK.** Lighter than steel, doesn't transmit heat or cold, springs back to shape better.
- **3D COMPOSITE LASTING BOARD.** Lasted to boot uppers with a built-in flex zone in the forefoot and a torsionally stable heel. Works together with the 3D molded footbed to conform to the shape of your foot.
- **COMPOSITE HEEL COUNTER.** Individually molded to fit each size perfectly.
- **HEELPORT™ INTERNAL FIT SYSTEM.** Holds your heel securely so it won't slip while cushioning your ankle.

- **PADDED SHIN.** Provides cushioning when you are working on a ladder.
- **ENHANCED 3D MOLDED FOOTBED SYSTEM.** Removable footbeds are contoured to cradle and cushion the bottom of your feet and to provide arch support. Urethane foam bottom layer provides durable cushioning while a micro-cellular open-cell foam top layer delivers cool, all-day comfort. Moisture-wicking and anti-microbial fabric top pulls moisture away from your feet. A second, thicker removable footbed is provided for a snugger fit or when wearing lighter socks.
- **ATHLETIC FOOTWEAR CONSTRUCTION.** Two-part cross-linking adhesive bonds outsoles to the upper. Without stiff welts and ribbed mid-soles, this attachment process is far more flexible.
- **VIBRAM® CONTOURED CUP OUTSOLE.** Molded outsole wraps onto the leather upper for athletic shoe performance. Flame, abrasion, oil, acid, and slip-resistant compound engineered for high traction and durability even during prolonged exposure to extremes of heat and cold.
- **SLIP-RESISTANT TREAD.** Siping – thin slits cut into flat areas across the sole – opens up when flexed to provide additional traction on water and ice. Self-cleaning lugs and omnidirectional tread pattern designed for superior performance in all terrains and when working on ladders. Optional VIBRAM® ARCTIC GRIP PRO outsoles are available for even better slip resistance on wet ice.
- **VIBRAM® TOE BUMPER.** Made from the same rugged compound as the outsole for abrasion resistance when crawling.

EXTENDED SIZE RANGE

- **MEN'S:** Full Sizes 5-18 and Half Sizes 5½-15½ in Narrow, Medium, Wide, and X-Wide widths.
- **WOMEN'S:** Full Sizes 5-12 and Half Sizes 5½-11½ in Narrow, Medium, Wide, and X-Wide widths.

GORE® CROSSTECH®
PRODUCTS
