## INDUSTRIAL HP 78 LADDER

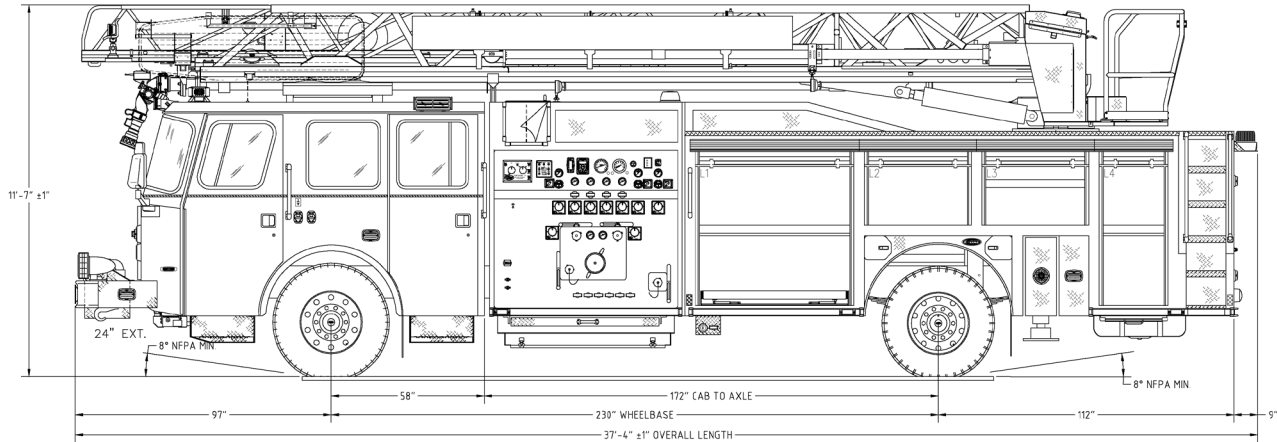

### OUTPERFORM. OUTMANEUVER. OUTREACH.

E-ONE's Industrial HP 78 features a 825-lb tip load for increased rescue capability and additional reach of similar products in its class. The ToughTruss™ ladder design features extruded aluminum construction that exceeds NFPA's 1901 requirements with a 2.5 to 1 structural safety factor. No other manufacturer consistently offers you this commitment to safety.

With the combination of generous compartmentation, hosebed and tank size, the industrial HP 78 outperforms, out maneuvers and out reaches the competition.

OUR VEHICLES CONNECT AND PROTECT  
PEOPLE AROUND THE WORLD EVERY DAY.
